## TRAIN-THE-TRAINER

This program in Train-the-Trainer has been designed for the professional who is interested in pursuing a career in training others in a field in which he/she is an expert. The objective of this course is to help you learn the dynamics of adult learning methodologies, identifying different learning styles and creating & designing effective teaching programs.

Train-the-Trainers are very much in demand at a wide variety of services, organizations and businesses. Most Trainers work as independent consultants while others work exclusively for an employer.

The 8-weeks Certificate Program consisting of 32 clock hours of program, which can also be completed through distance learning.

We require that our students exhibit excellent interpersonal communication skills, discipline, and develop high levels of technical competence across a wide variety of disciplines.

<b>CERTIFICATE</b> <b>8-weeks</b> 32 clock hours <b>Tuition: \$399.00</b>	The 8-hours CPR & First Aid course is <b>mandatory</b> cost is included in the tuition
