ACTIVITIES DIRECTOR

The profession of Activities Director has become very important in the last two decades. While most Activities Directors work at long-term-care facilities, senior centers, and hospice, they are now involved in diverse environments, including community centers, nursing homes, day-care facilities. Some Activities Directors also manage programs for the youth. The career in the field of Activities Director is very challenging but rewarding.

The Certificate & Diploma programs of Dominican International Institute include training for MEPAP (Modular Education Program for Activity Professionals), which is required for the Certification (NCCAP), and taught by NCCAP Certified Teachers.

All programs, including Continuing Education programs are available on-line. Labs & Clinical Training however must be completed at the school and/or at designated facility.
