CHIROPRACTIC ASSISTANT

The federal government, along with every state legislature recognize three major professions as primary health care providers, the allopathic (MD), Osteopathic (DO) and Chiropractic (DC). Chiropractic's approach establishes and maintains optimal physiologic activity by correcting abnormal functional and structural relationship – particularly of the spine & nervous system.

The Chiropractic Assistant (CA), performs many of the administrative duties as well as help the chiropractor, depending upon the academic training, knowledge and abilities of the chiropractic assistant.

All programs, including Continuing Education programs are available on-line. Labs & Clinical Training however must be completed at the school and/or at designated facility. Credits earned can be transferred for training in many other professions e.g. Business, Health Care, Arts, Humanities & Social Sciences or Language & Cultures. New classes start in January, April, July and October. Accelerated programs, credits for previous studies, scholarships, student loans and easy monthly payment facilities are available. Additional, non-credit courses, can be had for \$5.00 per hour, based on availability. Please refer to DII school catalog or contact the Registrar for more information.

<p>CERTIFICATE Trimester 1-4 (1 year) 19 Courses = 760 clock hours Tuition: \$7,850.00</p>	<p>The 8-hours CPR & First Aid course is mandatory cost is included in the tuition</p>	<p>DIPLOMA Trimester 1-8 (2-years) 38 Courses = 1,320 clock hours Tuition: \$15,750.00</p>
